Member Spotlight

Nate Bowser, MA,LPC, NCC

Hello! I have worked in the mental health field for over 10 years in various positions. I currently co-own a private practice in Clarion, PA working with adults and children. I have been attending training to become a registered play therapist since August 2021. During this time, I feel as though I have learned information and techniques that have helped me work with younger populations. Through this journey I hope to continue to expand my repertoire of skills to further impact those in need within my community.

We would love to spotlight more of our PA APT members at the conference! Please email a photo and brief bio to our social media coordinator, Amanda Gregory, ce_director@paapt.org no later than Monday, April 24th to be included in the slideshow.

"We are never more fully alive, more completely ourselves, or more deeply engrossed in anything than when we are playing." ~ Charles Schaefer
